

THE WORDS GLOBE-WERNICKE

When applied to book cases, filing cabinets or office desks mean the highest standard of material, workmanship and convenience. Every factory running today for the purpose of making sectional or elastic Book Cases and Filing Cabinets are imitating the Globe-Wernicke way. Do not be deceived into buying a cheaply constructed article, which is said to be as good as the Globe-Wernicke. It costs no more to get the G-W, and you get the best that's made. "Wild Cat" factories spring up on short notice, and close up without notice, making it difficult to obtain future units made by them. The G-W factory has eighteen acres of floor space and over Two Million Dollars to back them. They are in business to stay, and furnish you more sections of their book cases as your library grows. Remember we carry these goods in stock and supply you at factory prices.

'VARSITY TRAIL

There will be more fun to the square inch at Tioga hall next Saturday night than was ever had before in the city of Salem in the same length of time. The college girls are putting forth every effort to make the "Varsity Trail" and bazaar a howling success, and they never fail. There will be pretty girls and fun galore. No one should miss this, for it is the chance of a lifetime. Come and forget that you are old and were ever troubled with indigestion. It will be a sure cure for the blues, and is warranted not to rip, wear, tear or run down at the heels.

Great Cut in Prices.

Let the little folks come and look over our counters for their Xmas purchases. We have many things their pennies will buy. Remember we conduct a regular "10-cent" store, with higher-priced articles. Then again remember everything is reduced in price—\$1 articles to 25c, 25c to 15c, 10c to 5c.

With every 25-cent purchase you get a ticket on our free \$10 doll, to be given away Xmas. She receives her many friends every day, so don't fail to call and see her, at the Economy store.

Mrs. E. J. Selfridge, who was stricken with apoplexy a few days ago at her home in Eugene, died yesterday. She was 76 years old, and had been a resident of Eugene for 17 years.

The Business Man

Is rare indeed who does not realize the advantage of keeping a bank account. Yet while aware of the benefits many men hesitate to open an account because they think their transactions are not large enough. They are in error. The banking system is for the man of small means as well as large affairs.

THE SALEM STATE BANK.

Is at the service of every one. It will open an account just as willingly with the man of small means as with the capitalist. If you have been hesitating, don't do it any longer. Start an account today, even if it is only with one dollar.

X-RAYS

Good roads conventions now means good rides in the future.

The Portland Journal is suffering a genuine night-mare, or rather an exaggerated hop dream. Wake up, neighbor, turn over and quit snoring.

There were several scrapes on Commercial street Thursday, and one or two today. The only person arrested on account of them was named Mud—just m-u-d mud.

McCurdy has consented to continue his mismanagement of his insurance company at half price, \$75,000, a year. Considering his past worth, \$50 a month would be a big price for his grade of talent.

The Telegram gives a list of names, all Portland people, one of whom it thinks will be selected by Judge Wolverton for clerk of the district court. The Telegram is way off. It will not be a Portland man, and it will be a much larger gun than any of those named.

Randolph Barton, Jr., of Baltimore, objects to the newspapers criticizing the insurance companies, because "every blow at the companies hits the policy holders." The officers and managers jolt the policy holders hard enough, no doubt, but the newspapers at least don't rob them by collecting double the cost of insurance and taking the surplus.

It sounds all right to talk about this country regulating the czar of Russia and compelling Leopold of Belgium to treat his African subjects more leniently, but just at present, with the trusts, railroads, insurance companies and others of that ilk, this neck of the woods has not time to shoo the flies off anything else.

SOUTH COMMERCIAL STREET.

The Large Force of Men Will Complete It in Thirty Days.

City Recorder Moore and Chief of Police Cornelius this morning commenced serving the assessment notices on the property owners who are to pay for the South Commercial street improvement. There are considerably over 100 notices to be served, and this represents the number of property owners who will share the cost of the work, \$10,400.

The improvement is progressing rapidly. The Warren Construction

Company, which holds the contract from the city, has had for several days a large gang of men busy preparing and hallowing out the roadbed for its covering of crushed rock. The entire improvement is to be finished in less than four weeks.

South Commercial street, when the paving is finished, will be the connecting link between the city of Salem and the finest bit of road in the state of Oregon. It is the main county road, running up through the finest section of the Willamette valley for a distance of 15 miles. It is all rock ballasted and constantly kept in superb condition, despite the large traffic continually passing over it.

The South Commercial street paving is being done in a very substantial manner, and is guaranteed to last a decade with comparatively no cost for repairs. The property that pays for the work will no doubt receive a five-fold return in increased value, as is usually the case in large municipal improvements.

The Telegram's Idea.

Speculation is rife as to whom Judge Wolverton will appoint United States district court clerk. Ed. D. McKee, the present incumbent, is a candidate, in the sense that he is willing to remain in office, if the new judge wants him, but he is not actively after the place.

Mention has been made of Edmund C. Giltner and Henry E. Reed as probable candidates, and Percy Kelly, of Albany, Judge Wolverton's old home, is also said to be after the job.

In the event of McKee's not retaining, G. H. Marsh, at present deputy in the office, might become a candidate, and it is probable that his appointment would be highly acceptable to the bar.

THE REASON WHY
Thousands of people take Hostetter's Stomach Bitters in preference to any other stomach remedy is because they found it the only one that could cure them. When the appetite is good, complexion sallow, or the tongue coated you, too, ought to commence taking

HOSTETTER'S STOMACH BITTERS

at once. Nature is calling for assistance and the longer you delay the sicker you're going to be. For any ailment of the stomach, Liver or Kidneys you'll find it the best. It positively cures

SOUL STOMACH, HEARTBURN, COSTIVENESS, INDIGESTION, CRAMPS, FEMALE DISORDERS, COLIC, GRIP OR PNEUMONIA.

GREAT GAME TODAY

Willamette Meets Corvallis—
The Contest Should be a Notable One

Two hundred and more of those whose voices grow hoarse shouting "Willamette" left this morning for Corvallis, with hearts beating high with hope. It was indeed a gay sight that the happy crowd presented as they were purchasing tickets and waiting for the train. They were not making a great deal of noise, but the subdued excitement was intense. The bright colors of cardinal and old gold were everywhere present in abundance.

Every man of the sturdy eleven which is now representing Salem at Corvallis was filled to the brim with determination and hope. Determination to play as they never played before, and hope of winning the victory. None more clearly than they knew the strength of the opposition that they were going to be compelled to face this afternoon. They knew that it would be no disgrace to be defeated by the sturdy "farmers," and they also knew that the victory was one that the victory was one that would well be worth the winning.

RURAL PHONE SYSTEM

Pacific Co. States Terms on Which Connection Can be Made With its Lines

In reply to a request made by the Greater Salem Commercial Club to the Pacific States Telephone Company, asking that the rural telephone lines be permitted to connect with the city lines, President Hofer, of that organization, this morning received the following letter:

Salem, Or., Nov. 22, 1905.
Mr. E. Hofer, President of the Commercial Club, Salem, Or.:

Dear Sir: Mr. J. H. Thatcher instructs me to give you the following rates for the mutual line telephones that are asking for a line into Salem. The subscribers to equip their telephones with our transmitters and receivers, for which they are to pay a yearly rental of \$2.00 per year, and, in addition to the rental to pay their portion of the loop line rental of \$20.00 per year, this loop line charge being for the line we build out to connect with them at the city limits. This will, if there are 100 subscribers using the loop, be \$2.20 per year each, if 50 subscribers, \$2.40 each per year, or if they have two loop lines coming into Salem with 100 subscribers using the loops be \$2.40 each per year for a telephone that will give them connection with all of the subscribers connected with the Salem exchange, two loops will give them all good service with Salem, this rate will be given to all who own their own telephones. If we furnish the entire telephone the rate will be \$6.00 per year, and their proportion of the loop line of \$20.00 per year. This would make their service cost them between 18 and 19 cents per month each and 65 cents if we furnished the telephone complete.

The subscribers to build their lines to the city limits and keep them in repair to that point.

Yours truly,
W. H. DANCY,
Company Manager for the Pacific States Tel. & Tel. Co.

Schilling's Best make generous business. Your grocer is generous with it. Moneyback costs him nothing; costs nobody anything.

Charles Larch, aged about 50 years, died at his room in the Gross hotel, at Eugene, last night, of heart failure. Larch came to Eugene from Portland Monday night, and worked a day and a half in a meat market. Nothing further is known about him.

"I Thank the Lord!" cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at J. C. Perry's drug store; 25c.

PARTIAL PARALYSIS

Severe Case Yields to Dr. Williams' Pink Pills.

Patient's Face Was So Drawn He Could Hardly Eat or See.

Nervous people should keep a careful watch upon themselves for the symptoms generally described as nervousness is often the first sign of serious illness. The person who gives Dr. Williams' Pink Pills a trial for nervousness is not only taking the best possible treatment but is also insuring against severe nervous disorders, such as partial paralysis and locomotor ataxia, which these pills when ordinary treatment failed.

"I had been feeling badly for a long time," said Mr. Harry Benis of Troutville, Washington county, N. Y. "and in the early part of September, 1904, I was compelled to quit work on account of my ill health. My trouble was at first extreme nervousness, then my sight became affected and I consulted an oculist, who said I was suffering from paralysis. He treated me for some time, but I got no benefit. I tried another doctor and again failed to gain any relief. My nervousness increased. Slight noises would almost make me wild. My mouth was drawn so I could scarcely eat and one eye was affected so I could hardly see. I had very little use of my limbs; in fact, I was almost a complete wreck."

"I am all right now and am at work again. That is because I followed my wife's advice and took Dr. Williams' Pink Pills. She had used the remedy herself with the most gratifying results and she persuaded me to try them when it appeared that the doctors were unable to help me."

"They acted very surely in my case for my face came back into shape and much sooner than I had expected I was entirely well. They simply worked wonders for me, as every one in this place knows, and I am glad to help others by telling the story."

The reason why Dr. Williams' Pink Pills effect such remarkable cures is because they purify and enrich the blood, which nourishes the blood and gives strength to every organ of the body. They have cured obstinate cases of neuralgia, nervous prostration, sciatica, insomnia, as well as of partial paralysis. They are also the best tonic in all cases of weakness, as the energy required for the daily work of life all comes from the blood. All druggists sell them. Write the Dr. Williams Medical Co., Schenectady, N. Y., for further information.
